Spring Garden Show Will Open This Saturday

Anticipation is mounting fast in Albany for the annual Spring Garden Show which will soon gather for its 27th annual celebration at the Oakland Expo-Building, 10th and Fallon. The show starts Saturday morning at 10 a.m. and runs through May 8.

Handed for Friday's floral display will be numerous plants from this area affiliated with the Children's Hospital of East Bay and Providence Guild, who will staff the "Champagne Bar," "Lemonade Stand," and "Tea House." Proceeds will be divided between the two philanthropic organizations.

Because of the exotic nature of the Show's 1960 East-West theme, Friday night's premiere will be among the most colorful of its 27 predecessors. Landscaping and floral material will combine exotic tropical with the fragrance of English and California-grown roses, and other plants reminiscent of the "Kew Gardens" in London. Dominating the many displays will be an artistic representation of the Buddha of Japan, set against a background of nine waterfalls, one of which will cascade from a "Lotus" into a tropical lagoon; a reproduction of Kyoto's centuries old "Golden Pavilion" tea house.

"Night Gaieties," a Gay Review, will be presented Friday evening, April 29, 8:30 at the Albany Masonic Temple, 533 San Pablo Avenue. Admission is \$1.50. Tickets will be available at the door. The show is being sponsored by the Albany Star Sewing Circle and the decor will be of the 1960s era, featuring a Dora number. By The Sea chorus, and so on. Instructed by Mabel and Ryken. Guests will be seated at tables and refreshments will be served after the show.

Chairmen of the affair are Ellis Olson, Betty Teasdale and Helma Moss.

Veterans Warned Of Filing Deadline

Myrtle J. McLean, City Assessor, warns that the deadline for filing claims for a Veterans' exemption is May 2 at 5 p.m. All Albany veterans who intend to file for an exemption should file their claim immediately.

CITY TO ASK STATE FOR MORE TIME ON REPAIRS

The council met Monday night with Mayor Zahn presiding for the first time and cleared up a somewhat lengthy agenda in an hour and 35 minutes.

The matter of repairing the city's buildings to conform to State requirements was brought up as a holdover from last week. The cost, which City Engineer Wright estimates at \$32,000, was discussed at length, and the council finally approved a motion to have the city engineer discuss with state officials the various repairs to bring the structures up to health and safety requirements, and endeavor to obtain a delay in the work because of the high cost.

It was hoped that it might be possible to delay at least some of the repairs, and perhaps be permitted to make them piecemeal. As the mayor said, "We just don't have that much money."

City Attorney Robert I. Tolson read a report he had received from the State Attorney General's office regarding the council's appointments to boards and commissions. This stemmed from a request by Mrs. Zahn some months ago, through Senator Holmdahl. The attorney general's opinion stated that council appointments were legally subject to dismissal by the council, and that appointees nominated by individual members of the council should have their appointments approved by the council as a whole. This was in line with City Attorney Foley's ruling at the time of the dismissal of Paul R. Boyich from the Civil Service Commission. Mrs. Zahn disapproved, and indicated she would favor an amendment to the city charter which would make the appointments by individual council members final, and leave them free to appoint or dismiss as they saw fit.

The city attorney also submitted an agreement submitted by the J. B. Hanauer Company relative to a lease-purchase plan for constructing the city's proposed new buildings. A move to table was approved.

Public hearings were set for the council meeting of May 9 for three variance requests, as follows:

Berkey Lee Volkswagen for a use permit on the easterly 25 feet of Lots 20 and 21, Block 1, Regents Park Map No. 7; for a "valley of sideyard on the south" 10 feet of Lot 16, Block 2, Regents Park Map No. 4 (937 Kains Avenue), reducing the "sideyard to 3 feet; setback on Lot 77, Block 9, Regents Park Map No. 4 (11 feet for garage extension), 1212 Marin Avenue.

On the request of the League of California Cities for appointment to represent the city on the executive committee of the League, Mrs. Zahn was nominated and unanimously elected. Mrs. Zahn was also named by the council to attend a meeting at Hotel Claremont on May 5, to discuss the proposed Bay Area Governments association.

There was also some discussion of a proposal introduced by Mrs. Zahn that the property adjoining the city hall be converted to use of the city for storage of records, meeting room or offices. It was proposed that an opening be cut in the east wall to permit access from the city offices, and the matter was finally referred to the city engineer for an estimate of the costs involved. The council agreed to make an inspection of the building at 7:30 next Monday evening.

Regarding the request of the Coan-McIntosh, Inc. objecting to the closing of Arthur Street by the State Highway Department, the council agreed to have the city engineer contact the state officials with a view to having them move a fence on the street to one side, permitting use of the street and access to the plants located on the street.

Resignation of Elda Foott from the Traffic and Safety Commission was accepted with regret.

Junior Woman's Club of Northbrae
Holds Polio Clinic Thursday, April 28

Paralytic polio can usually be prevented, but public health officials predict an increase here. The public is not taking advantage of the simple inoculations proved effective against this dread disease that can cripple both children and adults.

The polio tragedy strikes many families who have not been immunized in spite of the availability of the Salk vaccine. "In 1954 when the vaccine was first offered, most of the children in this area were inoculated," reports Mrs. Robert Hill, a director of the Alameda County branch of the National Foundation, formerly the March of Dimes. "There is a noticeable decrease in polio cases for these children, now ages 7 to 16. There is no such decrease in polio occurring in pre-school children or those past age 16 and the inoculation records show a high percentage of these children have not been immunized."

While children are most vulnerable to polio, adults of any age are susceptible. Mrs. Hill tells of a family, all of whom were inoculated, except the 47-

by polio. "Procrastination is a common reason for not getting the shots which the nation prayed for ten years ago," she added.

Now health departments, service clubs and church groups hold frequent public polio clinics at which inoculations are given at low cost. Shots will be given at Berkeley's Washington School cafeteria, corner of Bancroft and Grove, April 28 from 5 to 9 p.m. at a cost of \$1.00 per shot. Doctors, under the direction of Herick Hospital's Dr. Sheldon Margen; registered nurses, Red Cross Nurses' Aides and Gray Ladies, and volunteers from the Northbrae Junior Woman's Club will donate their time for the mass inoculations. The clinic is being sponsored by the Northbrae Junior Woman's Club.

Regular and penicillin-free vaccine will be available. A second clinic will be held for those beginning the series of four shots to receive the second shot as prescribed two to four weeks after the first, at the school during the same hours, on June 2, year-old father. He was disabled

He is passing out personal cards bearing the words, "No Job", "No Worry", "No Boss", and "No Hurry".

LETTERS TO THE EDITOR

The Times has received numerous letters expressing appreciation for the faithful services rendered to the community by the outgoing councilmen, William T. Donahue and Leonard L. Keck. Following is the substance of these communications:

The citizens of Albany owe a debt of gratitude and appreciation to the retiring members of the Albany City Council.

These gentlemen have given long hours of their time and have been faced with many difficult decisions, for ed upon them by the changing times and the influx of population into this area. They tried to hold the line of good government against criticism and opposition to all constructive policies.

They have earned the respect and gratitude of the department heads and other city employees with whom they have worked, for their fair and forthright dealing with any and all problems that arose. Their appointees to the various city commissions have been citizens of the highest integrity and they have served faithfully and well.

We join with Albany citizens and officials in saying "thank you" to William T. Donahue and Leonard L. Keck. They have, in both their official and personal relations, shown themselves to be the true friends and intelligent advocates of the best interests of Albany.

Albany Times:

May I express my appreciation to a man who gave me support during the recent election. I also wish to thank the citizens of Albany for the honor and privilege of serving them as City Councilman during the past four years.

My special gratitude goes to the able citizens who worked on city committees as my appointees. Mr. Elwood Wallace who served faithfully on the Planning and Zoning Commission; Mr. William McKenna who was invaluable on the Library Board; Mrs. Katherine Geering who has made an extremely vital contribution to the teenage youth of this city through her work on the Recreation Commission.

To the heads of departments and their employees I say, it has been a pleasure to work with you. My particular thanks to Mr. Elmer Nelson, superintendent of Recreation, with whom I worked as Recreation Commissioner. His policies have proven to be sound and far reaching, his reorganization of the department has given the city an excellent recreation program for young and old alike, and his plans for the future hold great promise.

City Clerk McLean receives my award for the "Outstanding Citizen." I hope this city will properly show its appreciation for the work she does and the patience with which she has borne the tirades and complaints of unthinking persons.

USE YOUR BANKAMERICARD

THE DAY THERE WAS NO WATER

The date: September 17, 1923. Five years before operations started at "East Bay MUD." A hot, dry, windy day. A little before noon, high in the Berkeley Hills, a grassfire started. It grew with every gust. It raced towards Berkeley . . .

Fifteen hours later, 600 homes were gone; 4,000 persons were homeless.

Why couldn't it be stopped? The Board of Fire Underwriters blamed the widespread use of wooden shingles and "... the weakness of the water distribution system . . ."

Could history repeat itself? Highly unlikely. Today your East Bay area has modern buildings, highly efficient Fire Departments, and plenty of good, wet "East Bay MUD" water. Result? You save money on fire insurance. And . . . live in safety.

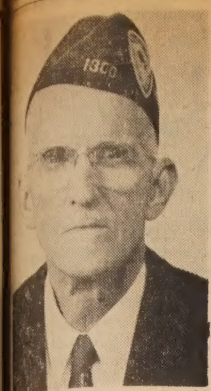

Some well-chosen words about water?
